

MSN FAMILY NURSE PRACTITIONER

Our FNP Master of Science in Nursing program is offered by the nationally recognized UC College of Nursing: same degree, same quality education and same support, delivered in a flexible format designed for working nurses.

CAREER OUTLOOK ///

40%

Nurse Practitioner job growth is projected to increase¹ by 40% through 2031 due to an interest in preventative care combined with an aging population in need of healthcare services.

According to the Bureau of Labor Statistics², the median salary for nurse practitioners in 2021 was

\$120,680

and increased for those who worked in a hospital, outpatient care center, or a physician or other health practitioner's office.

1,2 U.S. Bureau of Labor Statistics, Nurse Anesthetists, Nurse Midwives, and Nurse Practitioners
